Viking Blast & Wash Systems offers a full line of table blast systems including traditional style table blasters.

It is in the customization of our basic designs to your parts specific needs that truly sets Viking apart from the competition. With an accomplished and proven design staff, Viking can build equipment from the ground up or simply modify existing models to tailor fit your cleaning application. At Viking we do not simply match your part to the closest machine size that will work. We match our blast equipment to your part, to provide the most efficient and economical cleaning solution possible.

Viking Table Blast Systems offer a table lined with a self-draining, 1/2" thick manganese alloy plate
